Add Question to this Questionnaire ---- Edit Questionnaire ---- Delete Questionnaire ---- Your all Questionnaires --- Create Game with this Questionnaire

This page displays the details of a questionnaire, and from here you can navigate to pages where you can add new questions, delete or update existing questions.

Game 563468 Created

Questionnaire Title: son

Participants list:

START THE GAME

When you create a new game, this page will appear. The large number written is the publicId of the game and it is required for participants to join the game. Additionally, you can also see the names of the participants who have joined the game, and start the game.

Question : q1

- ○ a1
- ○ a2
- ○ a3

Countdown

4

This is the page where questions and their corresponding answers are displayed.
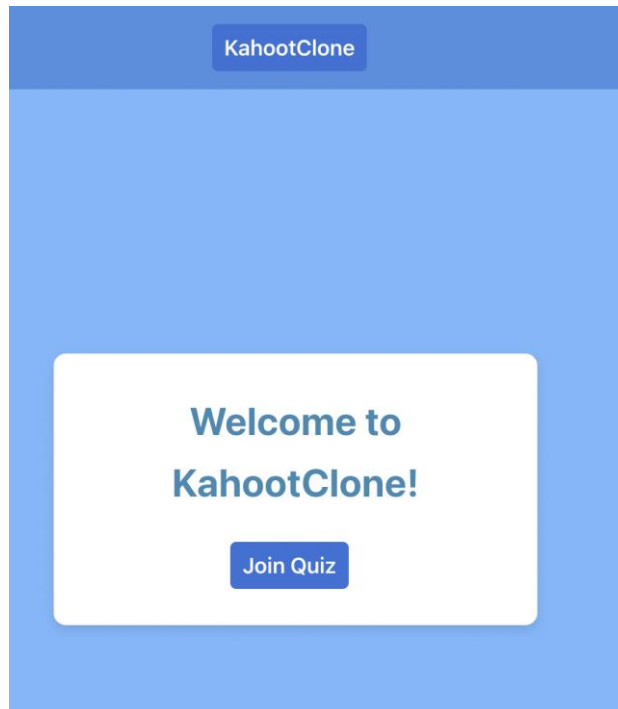

## Leaderboard

| Rank	Username	Score

Next question

There is a page that shows the leaderboard of participants after each question. Additionally, this page is also shown when the game is finished.

In this part of the project, vue.js is used. You can access this page using the link
https://FourthAssignmentVue16.onrender.com

You can join the game by entering the public Id and your name.

Waiting for game to start...

Participants

Alex

After joining the game, you will be redirected to a page where you will wait for the game to start. Here you can see the names of the participants.

Get ready to answer the question!

2

A countdown starts after the game is started for you to prepare.

Question 1: q1

| a1 | a2 |
| a3 | |

Countdown: 2

The page where you see the question and answer choices is a one-time opportunity to answer, meaning you only have one chance to provide an answer.

Previous Question

q1

Correct Answer

a1

Your answer is correct!!

The page where you receive feedback according to the accuracy of your answer. If your answer is wrong, you can see the correct answer.
